B.Sc. General(Geo)	Not only sandip sir all the teachers were very helpful from Economics, Political Science and from EVS deparment also and I can say the last massage of living the group from EVS teacher was so emotional for us, Lot of love and respect from me for all the teachers of Syamaprasad College
Computer Sciences	As we have faced two different types of classes 1) Online classes 2) Offline classes 1) For Offline classes i have no comment as there was a practical environment , assignments interactive classes. 2) For online classes a) there may be quite good if there practical was an environment with providing traditional notes. b) more interactive classes.
English	The course of English Literature is very good, but sometimes we couldn't find out that why it is important in our life apart from knowing people's culture,story and history. Some teachers are very good they are very supporting, they have always encourage us but some are very partial, they always support the students they like and they does not want to help average students.
English	Our teacher's are best one could ever imagine. We had a wonderful discussion on topics and was beautifully made us understand each topic. My memorable 3 years I will never forget. God bless our professors.
Geography	we have been able to pass each semester with the help or co-operation of teachers
Geography	The university should have given some more time to cover the syllabus
History	Our teachers will always be in our hearts♥
Mathematics	Outstanding Institute of Calcutta University. Help students more for there BRIGHT FUTURE.

Thank you.

Throughout the tenure of our course , I had felt that our College already has all the good things which are required by a learner to develop and grow. It is said that whenever we acknowledge the effort which is put forth by anyone , it encourages , inspires them.
